Step into the world of NFTs with NameTagtweets & Astar Network to empower NFT enthusiasts to showcase the pride web3 journey!

Let your badges and NFTs speak volumes about your interests and passions now!

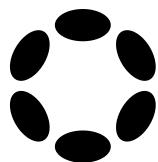

**ASTAR**

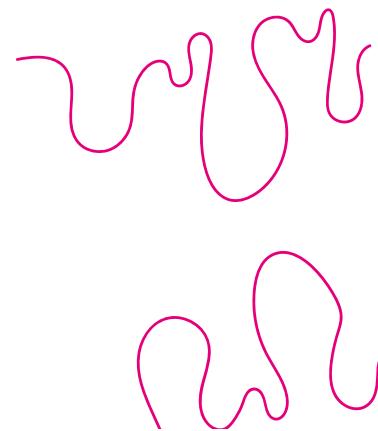

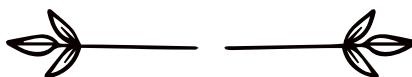

Fearless Wallet already supports XCM tokens in its mobile wallet and in its browser extension.

Start exchanging your tokens between parachains and chains with just a few clicks from Fearless Wallet!

# THE WEEK

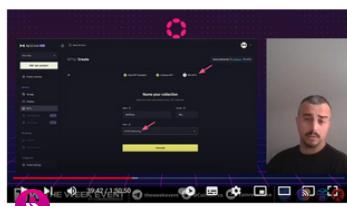

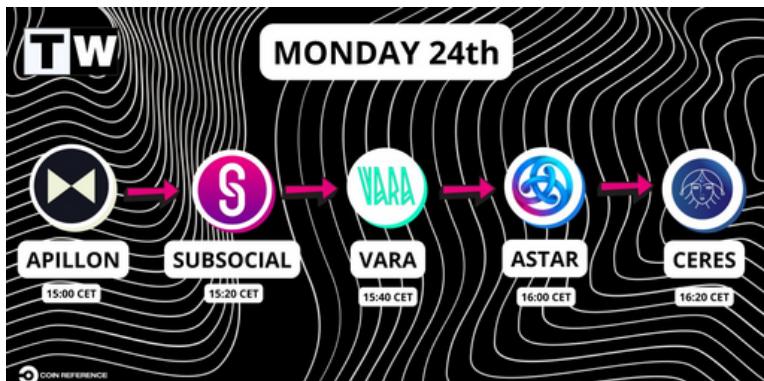

# THE WEEK EVENT

## HOT NEWS

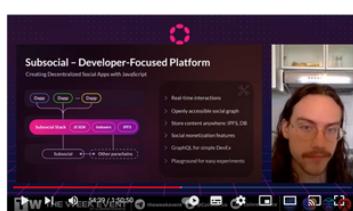

Hello friends, here is a summary of the spectacular event held this week, called The Week Event, created by Coin Reference. We thank all the projects that have collaborated with ideas and knowledge to create projects connected with Dotsama. Together we will create the future!

**LET'S GO!!!**

**DAY 1**

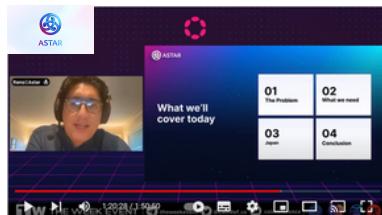

Apillon introduced us to their amazing web3 hosting platform and how to create an NFT'S in Apillon. Amazing performance by Nino and the Apillon team.

Subsocial presented their amazing project on how to build a social infrastructure for WEB3.0 projects and how to bring the social world of WEB2.0 to WEB3.0. With the interpretation of John Beef and the Subsocial team.

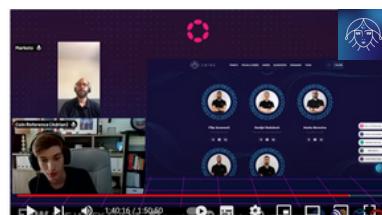

Vara introduced us to this amazing blockchain project with its logical smart contracts, based on Substrate and Gear Protocol. With the interpretation of Katie and the Vara team.

Astar Network presented by Ramz the future of smart contract (L1) platforms for multichain. With interpretation by Ramz and the Astar Network team.

THE WEEK EVENT | DAY #1 | DIGITAL DOTSAMA CONFERENCE

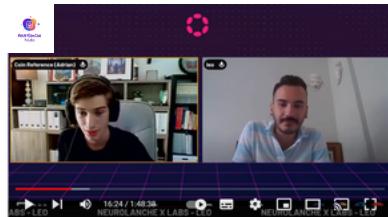

Ceres introduces us to how they develop DeFi services and utilities for new projects and tokens in the DotSama ecosystem and explains how Ceres token holders can influence project-related decisions, either by making proposals or deciding on others' proposals for new features. With interpretation by Markoto and the Ceres team.

THE WEEK EVENT | DAY #1 | DIGITAL DOTSAMA CONFERENCE

## DAY 2

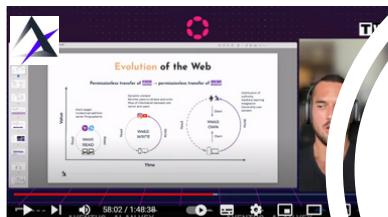

THE WEEK EVENT | DAY #2 | DIGITAL DOTSAM CONFERENCE
